

Detailed Lesson Plan	School	Lanuza Central Elementary School	Grade level	One
	Teacher	Stephanie B. Abis	Learning area	Mathematics
	Date & Time	March 20, 2024	Quarter	Three - Week 8

I. OBJECTIVES	At the end of the lesson, the grade 1 pupils will be able to: a. Determine missing term/s of repeating patterns. b. Complete missing term/s of repeating patterns using one attribute (letters, numbers, colors, figures, sizes, etc.). c. Value the importance of completing missing terms of repeating patterns.
A. Content Standard	The learner demonstrates understanding of continuous and repeating patterns and mathematical sentences.
B. Performance Standard	The learner is able to apply knowledge of continuous and repeating patterns and number sentences in various situations.
C. Learning Competency	Determining the missing term/s in a given repeating pattern using one attribute (letters, numbers, colors, figures, sizes, etc.). M1AL-IIIg-2
II. CONTENT	PATTERNS AND ALGEBRA
III. LEARNING RESOURCES	
A. References	
1. Teacher's Guide	Pages 87-93
2. Learner's Material	Pages 61-66
3. Textbook Pages	
4. Additional Materials from Learning Resource Portal	
B. Other Learning Resources	TV, laptop, PowerPoint, scissor, color, glue, scotch tape, online games
IV. PROCEDURE	
Preliminaries	- The teacher will start the following with a prayer. - Greetings - Energizer (<i>Family Song-emphasizing complete pattern of family lineage</i>) - Checking of attendance - After the attendance checking, the teacher will set the mood by greeting again the students and start with affirmation by saying "How are you today?" and let the learners say, "God is good all the time and all the time God is good.". The teacher will also let students tap their shoulders and allow them to say to themselves, "I am Happy today!" and allow them to smile to at least 5 persons to show their happiness. - After setting the mood, the teacher will also set the standard to ensure smooth conduct of the classroom activities. - Listen to the teacher. - Raise your hand to talk. - Be kind to your classmates. - Sit nicely in your chair. - Return the things to their proper places. - Be active in the classroom. - Do your best work. - When the class is ready, the teacher starts the lesson.
A. Reviewing previous lesson or presenting new lesson	- The teacher will present different 2D and 3D shapes using different objects they commonly see around or at their homes. The activity is called "WHO AM I?". The learners will determine the following shapes.  CUBE CYLINDER CONE SPHERE 3D Shapes ✓ I have 5 angles and 5 sides. Who am I? PENTAGON ✓ I have no sides and no angles. Who am I? CIRCLE ✓ I have 8 side and 8 angles. Who am I? OCTAGON ✓ I have 6 sides and 6 angles. Who am I? HEXAGON 2D Shapes - After reviewing 2D and 3D shapes, the learners will be asked with the
